Guilford Food Bank Distribution Hours of Operation Fridays 1:30-TBD

You are allowed **2** visits per month with an authorization from Guilford Social Services for a specified period of time . If you do not visit for a month or two—we cannot double up on the food . By our agreement with the CT Food Bank, we are only required to give your household enough food for three days each time you visit. We are more generous by our own choosing, however, we expect you to adhere to our schedules and policies.

If you need to use the food bank more than 2 times per month, you must obtain a crisis authorization from Guilford Social Services, 263 Church St., (203) 453-8009.

Due to COVID-19, the Guilford Food Bank has issued new measures for the foreseeable future to keep you and our volunteers safe while attempting to keep the GFB operating.

All must call Guilford Social Services prior to Fridays at 10 am to make an appointment to use the GFB for that Friday afternoon's openings.

Upon arriving for your appointment, at this current time you will not be allowed in the GFB building, you must stay in your vehicle. There will be prepacked items in bags for your household and you will be given a selection of goods to choose from. Your selection will be given to the volunteers to pack.

All your goods will be packed by our volunteers in paper & plastic bags and brought out to you.

Please remember no one will be serviced without a previously scheduled appointment. DO NOT make an appointment or show up for the appointment if you are exhibiting signs of illness, call the GFB to notify them if you are unable to make your scheduled appointment.

Also if there are no appointments scheduled for any given shift, we will not open.

These measures are temporary but will be kept in place until the threat of this virus has been eliminated. Please be patient with the process as it may evolve, there will be less choice available, but we all must do what we can to keep everyone as healthy as possible.

- Guilford Food Bank is an emergency food pantry—**we do not honor specific brand requests or flavors.**

**The Guilford Food Bank was established to assist Guilford Residents in their time of need
IT IS NOT AN ENTITLEMENT**

- If at any time your behavior towards another GFB recipient or volunteer is found offensive in any manner
- If you do not observe the proper policies of the GFB
- If you have given fraudulent information in order to use the GFB services
- If you do not apply for the DSS SNAP program (formerly known as food stamps)

*****Holidays*****

On certain holiday weekends when the food bank is closed— the dates are posted well in advance. Please be aware of all the info we post.

During the Christmas and Thanksgiving weekends we are most assuredly closed, however, we do offer special accommodations for those holiday meals . You may sign up for a special holiday basket **in advance** at the Guilford Social Services office.

The qualifications for reserving a basket are:

1. Providing a traditional holiday meal causes a financial hardship and
2. You will not be enjoying the holidays as a dinner guest elsewhere and
3. You are not receiving a holiday basket or meal from another local organization.

You are NOT put on the list automatically as a food bank client, you must request one. You will receive pick up instructions by mail.

If you reserve a basket, be responsible and pick up the basket at the scheduled time.

If you fail to pick up a reserved basket or it has been determined you purposely received more than one local holiday offering you will be excluded from future holiday basket offers.

BE MINDFUL of where our supplies originate.

The GFB is made possible to Guilford residents only through the generosity of community donations. Our volunteer staff is able to purchase items through the CT Food Bank and wholesalers on a very limited basis- **most of what is supplied comes directly through food drives throughout the community.** The town sponsors two large town-wide food drives per year, in May and September. Most of the items you are able to choose from the client choice room are from drives.

We all do our absolute best to sort through the thousands of pounds of food we receive to weed out items that are past their expiration date. **Be assured the GFB staff has stricter guidelines for when something is past the date then does the CT Food Bank and for that matter, we have stricter guidelines for you than we do in our own personal pantries.**

With that said, we would like you to note a few things:

When food is close to the stamped expiration date we put the item from our storage shelves into the client choice rooms, this allows you to choose if you want it or not. Please see following page, it gives you valuable information on when food should be discarded according to the stamped date and what the various stamps mean.

You will occasionally, find food in the client choice room, that is stamped “best/better if used by” and has a date that is past, we strive for no more than 3 months past- but by all accounts- most canned food may last 2-5 years past its expiration date.

For a month or so after a food drive, you will find more items than usual in the client choice room, therefore at those times, you are more likely to find more items in the choice room that has a “ Best/Better if used by” past date stamped. We leave it up to you, the choice is yours to make, take the item or not.

If you find anything in your bags that we have packed for you that are past the expiration, please be aware it is never intentional. We do our best to sort and resort and then sort again, but occasionally things slip by us. Please do not be insulted, just return it to us at your next visit and we will replace the item.

Please take home a copy of *THE FOOD KEEPER*, located in the Choice Room.

SNOW & TROPICAL STORMS

The GFB reserves the right to not open in inclement weather. The supervisor of the shift with the questionable weather forecast makes the call to open or not.

DAILY LUNCH PROGRAM:

From 12 noon until 1:00, every day, Sunday through Friday the CDR serves a hot, nutritious lunch in our dining room. This well-balanced meal begins with soup followed by a main course including protein, carbohydrate and vegetable; finishing always with dessert. Those who attend this community lunch help themselves to a cold beverage or coffee and find a seat with friends or welcoming others. CDR volunteers serve lunch directly with a friendly greeting. A blessing is offered by dining room volunteers at every meal. Many hungry and lonely individuals structure their day with a visit to the Community Dining Room and sharing a meal.

TUESDAY FAMILY DINNER:

Every Tuesday at 5:30 the CDR hosts a family dinner for families with children. This program offers a kid-friendly menu and story time with discussion which encourages reading and develops literacy. Free books are given out each evening. Promoting social diversity, periodically this dinner will highlight a different culture through the foods offered for dinner, books chosen to read, world maps, verbal presentations and other creative additions. Offering families an opportunity to "go out to dinner" together is an important component of this program. Many hard working families in our shoreline neighborhoods are having trouble making ends meet. This program offers help and support.

TUESDAY NIGHT TAKE OUT DINNER

Lost hours at work or been laid off? Feeling the difficulties of the economic downturn? Unable to come to our daily lunch. Order your family dinner to ease your budget. Call (203) 488-9750 for more information.

HOME DELIVERY AND VISITATION PROGRAM:

This program provides a home delivered, hot lunch for each day of the week. Individuals who are unable to access the CDR due to physical or health reasons or are recuperating from an illness or surgery may qualify to participate. Through referrals and intake assessments, individuals become eligible for this program which serves the Branford area. Our home visitation program, helping to dispel isolation and loneliness, offers additional assistance. Providing nutritional and social support to these individuals will improve their quality of life, assist in their recovery and help them remain in their own homes, in some cases delaying entry to nursing facilities.

VOCATIONAL ASSESSMENT PROGRAM:

This program provides an opportunity for individuals with disabilities to try kitchen and food preparation work as a vocation. Area agencies participate in this exciting hands-on teaching opportunity.

Supplemental Nutrition Assistance Program (SNAP)

Supplemental Nutrition Assistance Program (SNAP), formerly known as the Food Stamp Program, is a nutrition program that helps low-income individuals and families buy food.

1	\$1,986	\$23,832
2	\$2,686	\$32,232
3	\$3,386	\$40,632

The GFB is available to assist you in surviving your economic hardship and is tailored to help you in combination with additional resources such as SNAP and WIC. As a condition of GFB use, you must pursue SNAP as a resource.

[Guilford Meals on Wheels](#)

The Guilford Meals on Wheels program provides a hot nutritious meal to ANY Guilford resident having significant difficulty preparing themselves a well balanced meal. Meals are prepared at the Community Center kitchen and are delivered Monday through Friday at 11 AM. Weekend meals are delivered on Friday. All meals are low sodium, low fat and sugar free desserts are provided when needed. The cost per meal is on a sliding scale from \$4.00 per meal. This program has NO age or financial restrictions. No state or federal funds are used – it is a community supported program based on our motto, “Neighbor Helping Neighbor.”

[Friendly Visiting Program](#)

Friendly Visiting is a social outreach program that carefully matches volunteer visitors with people wishing a friendly visit. Our primary objective is to enhance one's quality of life through weekly “friend to friend” connections. The program is designed as a social program not as a respite or transportation program. Trained and caring volunteers visit any Guilford resident wishing a social visit once a week for a year or longer. There is no fee and scheduling of visits is flexible. Visits can be structured, centered on a specific activity or can be as casual as having a cup of tea or taking a walk.

[Charlie's Closet](#)

Charlie's Closet's is a medical equipment clearinghouse. Our mission is to take donations of used medical equipment, clean the equipment, check it for safety and then provide the equipment to anyone requesting it. The equipment that we provide ranges from hospital beds and lift chairs to commodes and canes. Large pieces, such as hospital beds and lift chairs are sometimes delivered and set up in our client's home by our volunteers. For liability reasons, the clients sign a release form and pay a fee of \$1 for each piece of equipment.

Charlie's Closet's clients range from people recuperating from surgery, to the elderly needing items to enable them to safely remain in their homes, to those under Hospice care. We provide red-tape free equipment. Many health care professionals such as physical therapists, nurses, home health care aides and hospice workers turn to us for hassle-free equipment.

[Domestic violence](#) involves a pattern of abusive behavior in intimate relationships or between family or household members where one partner tries to control or dominate the other.

All services are free and confidential

Warning signs of an unhealthy relationship:

Are you afraid to disagree with your partner because of his/her temper? Do you make excuses to yourself or to others for your partner's behavior? Does your partner accuse you of flirting or cheating? Does your partner destroy things that you care about? Does your partner grab, pull, or push you and/or hit in places where the bruises won't show? Does your partner threaten to harm or kill you, your child, your pet, or your family? Does your partner force you to have sex or do sexual things that make you feel uncomfortable? Does your partner humiliate you in public or private? Has your partner displayed a weapon or destroyed things to scare you? Does your partner control the family finances and deny you money and/or credit cards? Are you not allowed to have house or car keys of your own? Does your partner make it difficult or impossible for you to go to work or school? Has your partner manipulated you with "head games"? Has your partner punished or deprived your children to get back at you? If your partner abuses drugs or alcohol, is he or she more likely to do any of the above things when drunk or high?

Does your partner threaten to "out" you?

If you answered yes to any of these questions, you may be in an abusive relationship.
